COVID INFORMATION

COVID-19 is a new coronavirus that can cause illness in humans. It is spread from person to person through respiratory droplets. Symptoms include fever, cough, and shortness of breath. It can be serious, especially for older adults and people with underlying health conditions. Stay home, wear a mask, and avoid large gatherings to help prevent the spread of the virus.

Symptoms

Common symptoms of COVID-19 include fever, cough, and shortness of breath. Some people may also experience fatigue, muscle aches, and loss of taste or smell. Symptoms typically appear 2-14 days after infection. If you experience these symptoms, especially if they are severe, seek medical attention.

Quarantine

Quarantine is a public health measure to prevent the spread of infectious diseases. It involves isolating individuals who have been exposed to a contagious disease to see if they become ill. For COVID-19, quarantine is recommended for people who have been in close contact with someone who has the virus.

About Peace of Mind

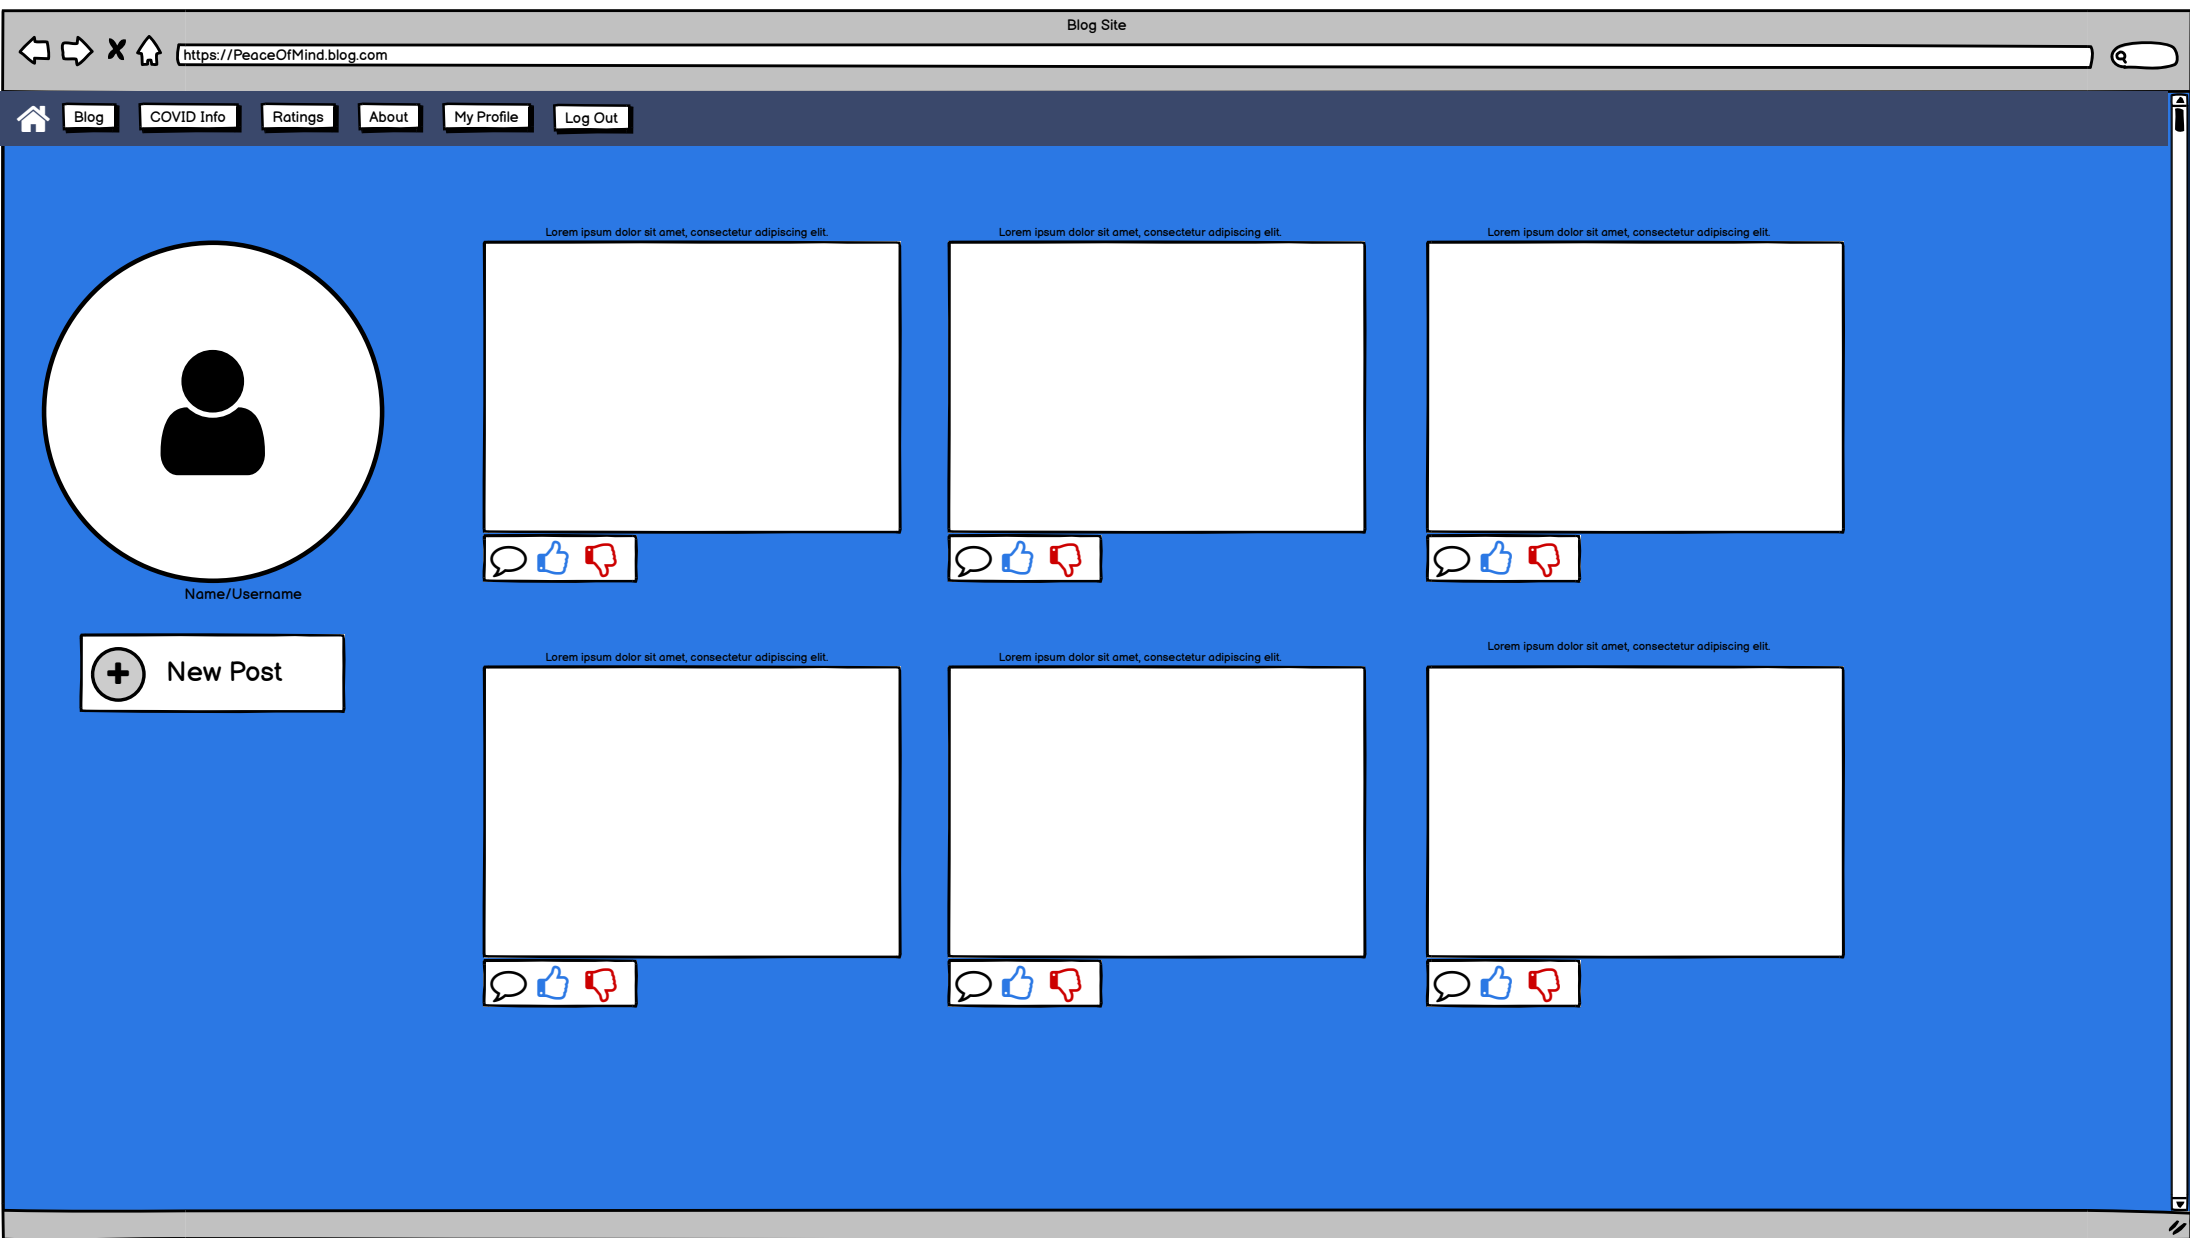

Our work

We are a group of humans caring about other humans. During the COVID pandemic peak, we decided to share our own experiences and create a community where other people could share their own experiences as well. A blog, a community where people can read wellness comments and apply them to their own life in order to improve and achieve peace of mind because people matter.

Our mission

Peace of Mind is a blog for people to share optimistic and diverse storytelling, experiences, and points of view to our audience of other people that are going through tough times.
